

Date : 2-9 February 2009

Location : Resort Keritang and Resort Sungai Akar (east side of the BTNP)

Activity : Border patrol

Objective : -to know border condition of Bukit Tigapuluh NP
 -To know entry point by people do illegal activity in the BTNP
 -Reduce illegal activity in the park

Result : -Founded five location of tiger secondary
 -Founded two location of tapir track
 -Founded one wild animal die
 -Found / deactivated one box trap for catch porcupine
 -Found / deactivated one nylon trap for catch pig or deer
 -Found one location which think is location trap catch pig.
 -found 3 location of illegal logging
 -Found one illegal camp in the park

Condition of border:
 Location out side border now is opened by people for plantation specially for sawit. The people open the border until mark of border and mean the BTNP buffer zone is plantation not forest.

Action : - for illegal logging sent report to Bukit Tigapuluh National Park. The location of illegal logging is border of the park. The BTNP confiscated all wood to the park office as evident (about 4 m³).
 -Destroy / burning the illegal camp

Planning :-Continue the border patrol in future
